

## VESSELS COLLIDE AND TWENTY FIND GRAVES IN SEA

Steamer St. Paul Strikes British Cruiser in a Heavy Snowstorm.

SOUTHAMPTON, April 25.—The American line steamship St. Paul, which left Southampton on the regular voyage, bound for New York this afternoon, in a dense snowstorm rammed and destroyed the British second class cruiser Gladiolus, off the Isle of Wight.

First reports stated that from twenty to thirty of the Gladiolus's crew had been drowned, but later intelligence reduces the number of casualties. The exact extent of the disaster, however, cannot be accurately known until tomorrow.

No one on the St. Paul was killed or injured, but the bodies of Steward Wedgery (Cowdrey and Matheo, all attached to the cruiser have been brought ashore.

One officer, Lieutenant William P. G. Graves, who attempted to swim to land, is missing. Eight of the injured have been taken to the military hospital at Golden Hill for treatment. It is believed that only a few others are unaccounted for.

## HOTEL REGISTERS INDICATE INCREASE IN GLOBE TRAVEL

The local hotels are rapidly filling up and at present are taxed to their capacity. Aside from the crowd coming from the valley to spend Sunday in Globe, there is a steady growth in the regular run of business. The two principal hostilities of the city show the following arrivals for yesterday:

Dominion—S. S. Campbell, Boston; A. W. Barlow, Chicago; Chas. H. Merriam, Boston; J. O. Bayler, J. P. Barnett, Clifton; L. Tigger, Rochester, N. Y.; J. Warren Young, Chihuahua, Mexico; Mrs. John Allen, Mrs. C. E. Trade, Los Angeles; Chas. H. Jennings, Roosevelt; A. F. Malone, Solomonsville; E. M. Williams and wife, Clifton; Ben R. Clark, Safford; W. T. Webb, Pima; F. P. Raymond, Los Angeles; W. H. Ginnin, Tucson; S. Bardley, O. Larsen, A. Lines, M. Lines, A. Taylor, R. McBride, R. F. McBride, Max Kings, M. Michellena, Chas. Moore, G. B. Evans, Mt. Simms, Solomonsville; G. A. Franz, Clifton; A. Stehens, Fort Thomas.

Kinney—Mrs. R. Pringle and sons, Wrentham; Luther Greene, Solomonsville; Wm. C. Faulkner and wife, Safford; Lavena Follett, Mattie Haynie, Howard McBride, J. W. Allen, Pima; Geo. C. Greene, Clifton; Lee J. Brown, Safford; W. G. Richards, Fort Grant.

## A DAY'S DOINGS IN THE PROBATE COURT

Luther S. Kelly has made application to the probate court to have W. W. Brookner appointed guardian of Billie Beckman, a minor.

James Lightfoot, administrator of the estate of J. P. Reardon, deceased, has made application for permission to sell all the real estate or as much as is necessary to pay the debts of the estate. The hearing is set for May 6.

F. J. Elliott, administrator of the estate of W. F. Anthony, deceased, has made application to the probate court for permission to sell three hundred shares of the stock of the Superior & Boston Coney company. The hearing is set for May 5.

M. L. Feagles has made application for letters of administration in the estate of Ferdinand B. Holems, deceased. The hearing is set for May 7.

George R. Hill, administrator of the estate of Arthur L. Cox, deceased, has petitioned the court for permission to sell all the real estate at private sale in said estate.

## FIRE DAMAGES A BOARDING HOUSE ON THE NORTH SIDE

A fire of mysterious origin yesterday afternoon about 3 o'clock damaged the house of Phillip Martinswick to the extent of about \$200. A quick response to the alarm was made by the local fire department, but the blaze was extinguished by volunteers before hose were laid. The loss is fully covered by insurance.

The building damaged is a large two-story frame structure and is used as a boarding and rooming house, the occupants being mostly Slavonians and Italians. The fire originated in a room occupied by Slavonians, on the second floor. The roomers disclaim any knowledge of the fire's origin. They state that there were no stoves in that portion of the house and attribute the blaze to spontaneous combustion. The house is located about two blocks west of Banker's gardens.

## Maryland Turkey Commits Suicide

A big turkey, belonging to George Nesbith of Woodlawn, deliberately committed suicide this morning.

The bird had been suffering from some undiscoverable complaint for several days. He had wandered about moping, refusing to feed and keeping away from his fellows in the flock.

This morning he seemed to make up his mind to end it all. He flew with tremendous force against a barbed wire fence, cutting his windpipe clean through. He fell back dead.—Rising Sun dispatch to Philadelphia Inquirer.

## DEATH AND DEVASTATION IN PATH OF STORM

Half a thousand Lives Lost and Thirteen Hundred Injured by a Cyclone That Swept the South; Property Loss in the Millions; Mississippi Sustains the Greatest Loss.

Louisiana—Dead, 108; injured, 350.

Mississippi—Dead, 109; injured, 650.

Alabama—Dead, 31; injured, 113.

Georgia—Dead, 25; injured, 100.

This makes the dead for four states, 333; injured, not counting minor injuries, 1,213.

NEW ORLEANS, April 25.—Probably half a thousand lives were lost, a hundred or more persons fatally injured and many times this number painfully hurt, together with a property loss running up into millions, is the record so far of the tornado which originated in the west two days ago, sweeping Texas, Arkansas, Louisiana, Tennessee and Georgia. It left a path of death, devastation and want in its wake, seriously interrupted all communication between cities in the south and brought about chaotic conditions in many smaller towns.

Mississippi, already a sufferer from more than one tornado this year, again bore the brunt of the wind and rain. Estimates of the number of those who lost their lives in the state place the death list near 300, with over 1,000 injured.

In Texas, Louisiana, Alabama and Georgia the death lists are also large, with a serious loss of life in Arkansas and Tennessee. Authentic information in many instances is lacking, owing to the crippled facilities for communication, and lack of time to form anything like an accurate estimate of the damage done in many sections.

Martial Law Declared.

In a half dozen communities martial law has been declared, so terrible is the destruction, and so helpless the stricken people left by the disaster. Serious disorders occurred in some places, including Amite, La. Looting and other crimes have been reported, but these instances have been rare.

Several places have issued appeals for aid in Mississippi and Governor Noel has been asked to provide tents for the homeless.

The tornadoes lasted, in all, a period of nearly ten days. Thursday night damage was done by tornadoes traveling eastward, first reported from points in Texas. These were followed during the next twenty-four hours by similar reports from Arkansas, Louisiana, Mississippi and Tennessee. Last night Alabama came within the flight of the storm, and today reports of serious damage in Georgia are recorded.

## Conditioners Are Terrible.

NEW ORLEANS, April 25.—Utter misery of every sort was found today at Purvis, Miss., by relief parties. Despite the fact of 2,500 inhabitants which the little town boasted yesterday morning there are only 900 today and there are not sufficient accommodations in the wrecked village for even the wounded. Negro mummies and little black children lay wounded and helpless under the broiling southern sun. Some had broken bones, some were partly crushed and others had been wounded by sticks and splinters. There was not

## TWO HUNDRED REACHED GLOBE ON EXCURSION

Ball Game Today Promising to Be Fast and Exciting; A Delayed Bunch.

Last evening's train from the valley brought in about two hundred people, who came to Globe to see the ball game today between the Globe Eagles and the combined baseball strength of the whole valley, the visiting team flying the colors of Solomonsville. The crowd would have been about thirty-five or forty stronger had it not been for an accident to the Coronado stage between Clifton and Solomonsville, which caused its heavy load of passengers to miss the incoming train. It is possible that they will be able to connect with a freight train and get here in time for the game after all.

The large crowd filled all the hotels of the city to overflowing and many of the visitors were last evening rushing from one hostelry to another looking for accommodations. Eventually they were all taken care of.

Both teams have been considerably strengthened, and in view of the fact that two previous games have resulted in what may be called a tie, today's game promises to be exciting. Last Sunday a week ago Solomonsville won from the Eagles by a score of 6 to 5, and the Sunday before that the Eagles beat Solomonsville by exactly the same score, which leaves scoring averages even. Some of the wise ones think it will be impossible to finish the game, as rivalry is so strong that it will be with great reluctance that either side will

## BUCCANEERS' HOARD FOUND

Washed Out by Storm

LISBON, April 25.—Treasure trove secreted by Portuguese buccaneers in bygone days has been revealed near the seaside village of Paradelha in a remarkable manner. The village is being slowly washed away by the action of the sea, and when a recent storm of more than usual severity tore away a portion of the foreshore treasure of various kinds was exposed to the astonished fishermen, who first believed that it had been sent to them miraculously.

There were many ancient gold and silver doubloons, jeweled crosses, finger rings of quaint antique patterns, earrings, gold and silver medallions, portions of silver censers and other fragments of church plate.

All the residents hurried to the spot, armed with picks and spades, and ever since have been digging feverishly for treasure. Some have been rewarded with further discoveries, one man securing gold coins valued at \$900.

The Portuguese buccaneers who harried the Spanish Main were in the habit of burying their booty along the coast, and the treasures unearthed at Paradelha undoubtedly form a portion of one of their hoards.

## BASEBALL GAMES FIELD SPORTS AND FAST SHELL RACES

New World Record in Pole Vault By a Yale Man; Scores of Yesterday.

PHILADELPHIA, April 25.—The character of the performances of the hundreds of athletes in the annual relay races and field sports held in Franklin field today under the auspices of the University of Pennsylvania, were of the highest order. One world's record, that of pole vault, was broken by W. R. Dray of Yale, and another record equalled. University of Pennsylvania won the blue ribbon of the meet, one-mile relay race for the championship of the United States. Her only opponent was Chicago, who ran Pennsylvania to a sensational finish.

Michigan's four-mile team, which was given the four-mile event by default, entered for the two-mile national relay championship and won easily; Pennsylvania second.

Hill school of Pottstown, Pa., carried off the national relay championship for preparatory schools.

## Shell Races.

SAN FRANCISCO, April 25.—The shell of the University of California was pulled through the smooth waters of Sausalito bay by eight men, all over six feet in height, two and one-half lengths ahead of the shell of the Stanford crew at the finish of the two and one-half mile race. Time, 13 minutes, 18 seconds.

In the freshmen race over the same course, Stanford won by four lengths. Time, 13:25.

## Baseball Games.

BERKELEY, April 25.—The third and deciding game of the championship series between the University of California and Stanford university was played here today, California winning the game and the championship. Score 2 to 1. Twelve innings required. California won the first and last games of the series. Every game gave a score of 2 to 1.

## AMERICAN LEAGUE

AT WASHINGTON—R. H. E.  
Washington.....3 4 1  
Boston.....1 6 2  
Batteries: Kelly and Warner; Morgan and Carrigan.

AT PHILADELPHIA—R. H. E.  
Philadelphia.....5 5 4  
New York.....9 7 1  
Batteries: Orth, Newton, Manning and Kleinow; Dygert, Vickers, Carter and Smith.

AT ST. LOUIS—R. H. E.  
St. Louis.....2 10 0  
Chicago.....6 11 1  
Batteries: Powell, Bailey and Spencer; Walsh and Sullivan.

AT CLEVELAND—R. H. E.  
Cleveland.....2 10 2  
Detroit.....3 10 1  
Ten innings.  
Batteries: Rhoades, Chech, Liebhardt and Bemis; Schmidt and Summers.

## NATIONAL LEAGUE

AT PITTSBURGH—R. H. E.  
Pittsburgh.....3 7 0  
St. Louis.....2 8 0  
Batteries: Leever and Gibson; Higginbotham and Hostetter.

AT NEW YORK—R. H. E.  
New York.....1 4 3  
Brooklyn.....4 6 0  
Batteries: Rucker and Ritter; Wiltse and McGinnity and Bresnahan.

AT BOSTON—R. H. E.  
Boston.....3 9 3  
Philadelphia.....2 9 2  
Eleven innings.  
Batteries: Lindaman and Bowerman; Richey and Doolin.

Chicago-Cincinnati game postponed.

PAID TODAY AND MONDAY.  
Arizona: Fair Sunday and Monday.

## MR. KELLNER TALKS OF PAYSON GOLD AND NORTH COUNTY CALVES

W. O. Kellner returned yesterday from visiting the schools above Roosevelt. During his inspection of the schools, Mr. Kellner paid his respects to most of the ranchers in that region.

Regarding the prosperity in that section, Mr. Kellner said the Payson and Tonto country ranges are in the best condition that they have been in for years and the calf crop is far better than the ranchmen had anticipated.

"All of the ranchers are feeling like colts and are much enthused over the cattle prospects," said Mr. Kellner.

"They have gold up there, too," said the superintendent, displaying three nuggets of gold that he had panned himself. "These three nuggets alone are worth \$10 and are just a shadow of what is being taken out in the Payson country. I am satisfied that a great gold field is soon to be developed within ten miles of Payson."

## IN SEA OF FLOWERS FLEET DROPS ANCHOR

Santa Barbara Is Now Paying Homage to the Nation's Sea Fighters; Flowers Figure Conspicuously in the Program of Entertainment; Admiral Evans Will Take Charge

SANTA BARBARA, Cal., April 25.—The American battleship fleet arrived here and anchored at 4:28 this afternoon, less than half an hour behind the schedule, despite the fact that four hours of steaming after leaving Santa Monica at 9 o'clock this morning was through a heavy fog, which caused the speed to be reduced to six knots. Every store in town, all inhabitants, thousands of visitors from surrounding towns and winter guests to the city who had lingered for the arrival, were on the seashore when the fleet arrived. Despite the haze and smoke the ships were made out two hours before anchors were dropped. After steaming in single column all the way from the ports of Los Angeles, the ships changed into squadron column and dropped anchor not more than 1,500 yards from shore.

A slight derangement of the steering gear of the New Jersey and the machinery of the Missouri resulted in the tardiness of these ships in taking up their assigned berths. The fleet will remain here five days. A festival of flowers has been arranged in its honor. The display will begin Monday with a floral parade and a battle of flowers. Though the city has been prettily decorated, most of the entertainment fund will be spent upon flower features. A dance of flowers, open air dancing on the ocean boulevard for enlisted men, receptions, garden parties and balls take up a portion of the program. A formal welcome to the city was extended Admiral Thomas on the Connecticut soon after anchoring.

Mayor Boeckel of Santa Barbara, and Rear Admiral Bowman H. McCall, U. S. N., retired, chairman of the festival committee, were in the landing party. Just as the ships were anchoring, the tug Nellie, carrying a load of passengers, ran down a small boat containing two men and two women, who

were thrown into the water but were rescued by men from the Nellie.

Admiral Evans to Take Charge.

SANTA BARBARA, April 25.—Rear Admiral Thomas, present commander of the Atlantic battleship fleet, received a telegram tonight from Rear Admiral Robley D. Evans, at Paso Robles, Hot Springs, saying the latter would return to the fleet and again hoist his flag on the Connecticut when the ships reach Monterey, Thursday evening, April 30.

Admiral Evans, who is about to resume command of the fleet which he piloted around the southern extremity of South America from Hampton Roads, is now at Paso Robles Hot Springs, where he has been taking treatment for rheumatic gout. The admiral's condition, which had been steadily growing worse on the trip around South America, became so bad after the fleet reached Magdalena Bay, that the admiral left Magdalena on March 30, and was brought to San Diego aboard the flagship Connecticut and from there transferred to a special car which carried him to Paso Robles Hot Springs, where he arrived April 2. Since that time the admiral's condition has been slowly but surely improving and latest reports from the springs are to the effect that Admiral Evans has been taking frequent automobile rides and is now able to walk with the aid of a cane.

In view of the fact that to Admiral Evans belongs the credit for taking the warships on the most famous cruise ever undertaken, it has always been the intention to have the admiral return to the ships for a few days so as to take them into San Francisco harbor and command them at the time of the review at that place by the secretary of the navy on May 8.

On April 30, when Admiral Evans again resumes command, he shall have been away from the fleet for one month. He will be in command of the armada for a little more than a week, as he will retire from the navy immediately after the naval parade on May 8.

and coroner Hinson Thomas of this city was notified of the tragedy. The necessity for an early burial was made known to Mr. Thomas by long distance telephone, and he directed that the postmaster at Roosevelt reduce the evidence of witnesses to writing, and upon the return of Justice Evans have the certification made. Judge Thomas is satisfied that it is a clear case of accidental death, and from the nature of the mishap as related to the judge, the responsibility rests entirely with the victim, whose carelessness was responsible for his death.

It is said that the dead man was a member of the Globe Stone Cutters union, but it was impossible last night to locate any person in the city who knew him.

## PRETTY GIRLS TO WRESTLE AT BIJOU THEATER

Pacific Coast Champions Will Appear in Globe on Monday Night.

The Nelson sisters, champion wrestlers of the Pacific coast, are now in the city and will give an exhibition at the Bijou theater tomorrow evening. The young ladies have never met defeat, and have contested with a number of English, Spanish and German champions who have visited this country during the past few years. They were at Tucson prior to coming to Globe and the papers of that city speak in the highest terms of their work. They are elegantly formed young ladies and have muscles of steel.

A number of fine preliminaries have been arranged for tomorrow night in which some of the best talent in Globe will participate. The ladies have placed a \$100 forfeit for any lady wrestled in Globe who can stay with them for five minutes. The Misses Nelson are very anxious that the ladies of Globe turn out to witness this exhibition, as it will be a high class affair in every respect, and an entertainment that none need hesitate to attend. An admission fee of fifty cents will be charged.

## ARC LIGHTS FOR CITY ILLUMINATION GIVEN A TRYOUT

The new arc lamps which are to illuminate the streets of Globe were given a tryout last evening at the plant of the local electric light company. There are twenty-five of them of high lighting power and the test given proved them to be satisfactory in every way. Monday morning the work of placing the lamps in the streets will begin, and before many days pass Globe will be one of the best lighted cities in the territory.

Four of the new lights will be hung on Broad street in the business section, and the balance will be scattered over the residential portion of the city in such a manner as to give the best possible results. No more will the belated citizen be forced to strike matches to avoid the mud puddles on rainy nights, and the trying place on the Hill street bridge may not be so popular with the young people after it is subjected to the searching glare of a 500-candle arc lamp.

## LIFE CRUSHED OUT WHILE AT POST OF DUTY

John Loser Meets Instant Death While at Work on Dam at Roosevelt.

Caught between a revolving derrick and two large stones at Roosevelt yesterday afternoon, John Loser, a stone cutter employed on the big government dam, met death, his life being instantly crushed out. The mangled body of the unfortunate man was taken to a house in the vicinity of the dam and will be buried in the village cemetery at Roosevelt. Loser was a man about 45 years of age and single so far as known. An effort to locate relatives has been unsuccessful. Loser had been employed at the dam for about a year and was very popular with his fellow workmen. Judge Evans is out of the territory

## UNION LABOR PREPARES FOR CELEBRATION

May Day Will Be a Day of Play in the Ranks of Globe Labor.

The annual May day celebration in Globe this year under the auspices of organized labor will be on a larger scale and decidedly more interesting than for a number of years past.

The committees have been busy for a number of days past arranging for this holiday and a fine program—literary, musical and general amusements—has been arranged. Chief among the attractions of the day will be a monster street pageant in which every union man in the city will participate. The parade will form at Miners union hall at 10 a. m. and headed by the Globe City band will march to the Dominion hotel, thence north to Banker's gardens and from there to the ball grounds, where addresses will be delivered.

The chief address will be delivered by that Titan of Toil, John M. O'Neill, editor of the Miners Magazine at Denver, Colo. Mr. O'Neill is one of the most brilliant speakers in the country, and he will be listened to with pleasure and profit by the thousands who will assemble to participate in labor's celebration.

An address will also be made by Jules Fies in French and one by Dominick Rabagliatti in Italian. These gentlemen are excellent talkers and will add great brilliancy to that portion of the program.

A rock drilling contest for boys under 16 years of age, a game of baseball between the teams of the Modern Woodmen and the Globe Miners' union, running, jumping, burro racing, etc., will be among the afternoon sports to follow the addresses. Liberal prizes will be given.

A grand band concert at Dreamland and a speech by John M. O'Neill will be features of the early evening hours. At the conclusion of the concert the floor will be cleared for a ball, which will continue until the gray dawn or early morning. There will be a charge of 50 cents for the concert and dance, the proceeds to go to the reading room fund.

## JUDGE DOAN ON BENCH IN GRAHAM COUNTY

Court Will Be Resumed Tomorrow; Grand Jury Still in Session.

SPECIAL to the Silver Belt.

SOLOMONVILLE, April 25.—Court was not in session today on account of the absence of Judge Nave, who went to Globe yesterday afternoon. However, before adjourning court yesterday, the judge ordered spread on the minutes by Court Clerk Chambers, that the cause of the suspension of court was in respect to a deceased member of the Graham county bar, Judge C. E. Moorman, who died last February.

Mrs. Alfred Ayres of Morenci, accompanied by J. T. Adams, her father, was in town yesterday and was successful in obtaining a divorce from her husband, the grounds being desertion.

The town is comparatively quiet today, as most of the attendants at court have returned to their home until Monday.

Judge Nave stated over the phone from Globe this morning that he had received a reply to his telegram to Judge Doan and that they would exchange benches for the remainder of the term. Judge Doan will arrive here in time to open court Monday morning at 10:30 o'clock.

The grand jury is still in session.

## EXPERTS RULE ON FRESH EGG

Two Hundred Members of a Congress Discuss Subject

PARIS, April 25.—The question of what constitutes a "fresh egg" was settled at the concluding session of the first congress of the French Milk Industry and Dairy Producers Societies. After a very lively discussion, joined in by over 200 members of the congress, the following definitions was agreed upon:

"A fresh egg is an egg which, on being tested, is found not to have suffered in any way from evaporation, and which shows no trace of decomposition."

## Big Crowd at Dreamland

One of the most enjoyable dances ever held at this popular place of amusement was last night's affair. About 120 couples attended—nearly forty from the valley and one and all declared they had one of the best times of their lives. The music was good and the floor as near perfect as a floor could be, and the ladies, with their spring costumes, made a picture pleasing to the eye. Among those who attended from valley points were Mr. and Mrs. Williams from Clifton, Mr. Green from Morenci, Mr. and Mrs. Arnold from Solomonsville, the Misses Fonda from Safford, C. D. Stephens from Fort Thomas and others.
